Townhall II

Dedicated to meeting
the mental health, recovery,
and social service needs of
Portage County residents
since 1971.

Funded primarily by the Portage County
Mental Health and Recovery Board, United Way,
federal and state grants, and local funding
sources, Townhall reaches out to the community
to promote health and stability
through its many services.

Staffed by caring professionals and volunteers,
Townhall II has earned a reputation of being an
accessible, warm, and safe place
where people can find the compassion
and understanding that they need
in times of crisis.

Townhall II charges reasonable fees,
and offers some services at no cost.
